eFax Corporate® Statement on PIPEDA

eFax Corporate® is committed to protecting the personal information you transmit using our product. Canada's PIPEDA, or the Personal Information Protection and Electronic Documents Act, addresses the way organizations collect, use and manage personal information. Personal information may be defined as "any factual or subjective information, recorded or not, about an identifiable individual". For more information about PIPEDA, click [here](#) on the internet.

Principle 7 of PIPEDA, in particular, deals with the safeguarding of personal information. Section 4.7.3 states:

The methods of protection should include

- (a) physical measures, for example, locked filing cabinets and restricted access to offices;
- (b) organizational measures, for example, security clearances and limiting access on a "need-to-know" basis; and
- (c) technological measures, for example, the use of passwords and encryption.

eFax Corporate Can Help Your Business Comply with PIPEDA Requirements

eFax Corporate® has implemented physical, organization and technical safeguards to protect personal information being communicated using our product and services, and optionally implements data sovereignty measures to keep data within the country.
